

Athletes that don't belong to schools are assigned to the "Unattached" school.

Measure Type rows  
1) Metric dist  
2) English dist  
3) Seconds

**Division** - is separate from Meet so we can recognize division-wide "records" across multiple meets.

2 genders: M or F, name is Boys/Girls  
Grade has 4 rows: 5th, 6th, 7th, & 8th grade.

**MeetDivisionEvents** are the division-by-division events taking place at a particular meet. e.g. "7th Grade Girls 100M"

Not all meets have the same divisions competing. Some don't include 5th grade or are single-sex.

Not all meets have the same events, especially if some are on a 400 m track versus a 400yd track.

**Event Definitions (with Event Def Types)** is the list of typical track and field events (eg. "100 Meter", "Pole Vault", "High Jump"), along with any attributes that are specific to that event, regardless of the meet's particular rules or the division. i.e. stuff that is universal (world wide)

6 types: sprint, distance, vertjump, horzjump, throw, relay
